When I was a child I lived always with my parents. That's why at the age of twelve I first time came to my granny's house near the city called Ozera. It was a beautiful place with a lot of friendly neighbours and peaceful fields around us. This year I met James, who was the only child of my age in this village. We played all day and rode on the bicycles. So, this was a fantastic summer. Each morning we met near the largest field and played there. Sometimes we went to the river. From this time I started to come to my granny's house every summer.

This photo I took last year, when I was sixteen. This ~~year~~ ~~we~~ summer we spent together in the city. Maybe because we thought that we are too old to play in the village or maybe we just wanted to do something new. But on the 3d of August was my birthday. James said that he want to show me something special. Early in the morning we met at our place. He had a basket in his hands and nothing more. After a happy meeting we went somewhere. I didn't know this way, so I just followed James. Suddenly I saw a huge field full of flowers. We spent there all day and had a picnic. At the evening we was looking at irresistible stars.

It was the best birthday I've ever had. And

*this picture, which I took when we just came there,  
will stay with me forever.*
