Introduction

As requested, I have recalled my memories concerning the course and found what you asked. My findings are presented below.

Quality of teaching

Concerning all facts about the quality of teaching, I have made a conclusion from this: your teachers are very well educated and know how to speak to the class, as well as give them knowledge.

Modern equipment

When I was attending this course, I used your equipment: computers with an access to the Internet, virtual boards and many other pieces. I can say: It is enough with equipment here.

Textbooks

We used only two textbooks, which is not pleasing me. Teachers who give such a long course must use at least three textbooks for pupils to see the same material from different sides.

Dining facilities

There is a canteen in the building where I attended the course, and I am pleased with the range of facilities

there. I see that there are enough food and drinks for everyone.

The timetable

The timetable threw me off my school course a little. At Wednesday, your course starts at 18:30, and it is a one and a half hour ride from my house. Sometimes, I have no time to finish my homework.

Conclusion

In conclusion, I would say: your course was overall good, but for the future, you should include more textbooks and redo the timetable a little bit so it fits every student that attends your course.
