### Introduction

The aim of this report is to assess the good and bad points of English language course

The quality of teaching and the use of modern techniques. Students were given the essential information on their first lesson. All the bases were covered. The teachers were very friendly, high-qualified and professional. The classes are provided with up-to-date equipment, which is in good condition. Besides, it gives students the visual understanding of material.

### The variety of textbooks

The classes are full with different dictionaries, textbooks and encyclopedias. Students are free to choose any information source. It broadens their horizons and gives them a range of extra details.

### Dining facilities

The cafes are located in another part of town, which is rather far from the main building. It is quite difficult to cover such big distances in order to have a meal.

### The timetable

Students have to be at the course at 7 a.m., which is very early. This time is inconvenient, because it is difficult to wake up. There are small breaks between each class, which gives an opportunity to

relax and have a talk. The length of each lesson is 1 hour which is very tiring.

### Conclusion.

To sum up, an English language course gives students a nice opportunity to gain new skills. However, it would be great if you could make a special place for having a dinner in the main hall. Moreover, the length of each lesson should be shortened, otherwise students are exhausted at the end of a long day. Anyway, thanks for your invitation. It is a nice experience for me!
