My views on the course.

Mrs Galway,

I'm writing in order to help you in planning future courses. Firstly, I would like to start with the way teachers share their knowledge with students.

The quality of teaching.

Personally, I am ~~strongly~~ satisfied with the process of learning. Not only do teachers use new methods of teaching, but they also help students develop their own strategy of learning. In my opinion, studying with you can give a person an opportunity to develop their skills and advance their knowledge with the help of highly-qualified teachers.

Modern technologies.

From my point of view, everything is wonderful. Thanks to the Internet and computers, students can find the information they need easily. I enjoyed spending my time in the computer class – the equipment is new and easy to use.

Textbooks.

Unfortunately, the variability of student's books leaves much to be desired. All the students ~~have~~ ^{can choose} only one book to use. Despite the fact that there are lots of additional exercises in it, students feel bored because they are very much alike.

Cafeteria.

The variety of dishes is exciting. Besides, high standards of service make the canteen a great place to spend your time with other students.

Timetable.

Every student

to use more textbooks ~~both at classes and at home.~~ ^{during the lessons.}

I hope that your future students will gain a lot of knowledge and learning experience.

Sincerely yours,
Maria
