English language course

Having attended your language course for two weeks, I'm glad to represent my opinion about it as a report.

Teaching: I'm absolutely satisfied with our teachers and learning methods. The educative material was explained in a clear and understandable way. The teachers appeared to be patient, eager to help and communicate and professionally prepared.

Technological equipment: The wide use of computer technologies was helpful for simplifying the educational process. The equipment was new and modern, and no technical problems occurred during the course.

Textbooks: We were provided with several textbooks but they were quite similar to each other and sometimes difficult to understand, which was quite inconvenient.

Dining facilities: The meals given to us were satisfactory. I have no compliances about the food quality but it severely lacked variety, being practically the same almost every day.

Timetable: Personally for me there was too little time for breaks which unfortunately made the studying quite tiring. This is the only serious disadvantage.

Suggestions: The course would benefit from larger number of interactive tasks such as group discussions. The timetable, in my view, needs reconsidering and improving.

In total, this course is well-organised and informative but it still can be changed for the better.
