A course beyond my expectations

### Introduction

In this report my main aim is to express my opinion about an English language course I have recently attended and also to offer some improvements.

### Advanced education

When I first entered a classroom I was amazed by the variety of equipment used. There was a diversity of computers and tablets combined with large amount of books. Moreover, our teachers were highly professional and welcome to hear our quest during the lesson.

### Beneficial opportunities

As I have mentioned earlier, students had lots of chances to use books and textbooks for improving your own skills. Library was well-built and easy to find. Furthermore, our timetable was great and reasonably had some free-time space for having profound knowledges to be learnt by yourself. But unfortunately there was not enough time to eat and have a break.

### Delighting resting facilities

Talking about relaxing and dining, every was provided on a high level. Our cufeteria was elaborate and well-illuminated. Addition

was expected. Hence, we had some difficulties  
finding a private space for each other.

### Conclusion

Despite the fact that the whole educational  
process was pretty satisfying, I still have some  
suggestions to include. Firstly, to have some  
timetable in order to have more spare time  
for eating and relaxing. Secondly, to expand  
territory for dining facilities on account of  
providing more personal space that suits each  
student.
