REPORT ON THE LANGUAGE COURSE

Introduction

The purpose of this report is to give feedback on different aspects of the course in English I attended.

Teaching

The main advantage of this course in comparison to other courses is that ^{everybody was taught by} native speakers ~~are the only people who are allowed to teach. This~~ They ~~seemed to enjoy their work and~~ Moreover, their individual approach to every student in spite of quite a large number of people attending classes made me impressed.

Technological Equipment & Textbooks

Although there ^{was} ~~were~~ plenty of textbooks available at the lesson, there was definitely a lack ^{covering a variety of topics} of technology ~~in the~~ ~~classroom~~ ^{during the lesson}. Unfortunately, ~~we~~ my group was only permitted to enter the computer class twice. There was no smartboard in our classroom either, which made the process of learning slower as ~~the~~ our teacher had to write every word a lot on the blackboard.

Lunch & Schedule

The classes themselves were perfectly organised, leaving enough time to communicate with other participants of the

course. However, except for the lunch break. It only lasted fifteen minutes, which made it difficult to eat. ~~forced~~ ^{dining room} ~~me to eat very quickly.~~ Regarding the ~~canteen~~ ^{canteen}, I have to admit that its size is unspeakably suitable for the number of students and teachers. However, the queue was always very long due to the fact that only two members of staff were present at a time.

Conclusion & Recommendation

In conclusion, I would like to point out that the classes were of high quality, which is the most important thing for a language school. However, improvements such as involvement of technology in class or increase in the number of staff in the ~~canteen~~ ^{een} ~~canteen~~ would be worth making.
