My visit to Wellington College

In June, I attended an English language course in your college, which lasted for a fortnight. There were lots of other students from various countries, whom I appreciate a lot.

The quality of teaching

I liked the variety of teaching methods: academic and entertaining ones. I consider that sometimes it is much easier to absorb new information in a playful way. And, certainly, I think that it is very good when teachers are on the same wavelength with their students.

The technological equipment

Each classroom was equipped with the up-to-date technological equipment such as: interactive whiteboards, projectors, etc. Moreover, I was amazed that every student was given a laptop for the period of the course.

The variability of textbooks

I know, the college is proud of its huge library and we were lucky to attend it. We were given all the necessary textbooks to study not only the language, but also the culture and the history of England as well.

Dining facilities

The student's canteen was spacious and comfortable. The food was healthy and tasty. The only thing I disliked was the absence of the microwave.

The timetable

The timetable was really convenient: we ~~had~~ had enough time for both studies and rest.

I enjoyed the course greatly. And, of course, I look forward to visiting you next year. However, it will be nice if you improve sport facilities on the college campus.
