Introduction

As required, I have given my opinion on the English language course I have recently attended. My thoughts are presented below.

Teaching

All teachers were friendly and helpful in case students were lost. They gave many English constructions on their lessons what improved students' speaking skills. Lessons were organized in a very interesting way as every pupil was keen on participating in lesson activities.

Modern technological equipment

Every classroom was equiped with modern ~~blackboard~~ blackboard and computers. Watching videos and doing some tasks using special technological equipment helped students in ~~teaching~~ improving their vocabulary. We were all looking forward to doing some tasks using equipment.

Textbooks

In the start of the course, students were given a few textbooks. Teachers asked ~~us~~ to do some exercises in these textbooks as our homework. ~~Textbooks~~ Textbooks were full of different tasks of different types that ~~gave~~ gave them the opportunity to try their skills in different situations.

Food

~~At~~ At the food court, students could choose from a variety of types of food. Prices very cheap, portions were big. Free water was provided.

Timetable

Although, student's timetable was quite complicated, they had enough time to rest from studies and activities. ~~It was~~

Conclusion

To sum up, I would really recommend this English language course.

for students who prefer active holidays and interesting studies. ^{enough,} I suggest

giving students more freedom on the excursions and also using less

technologies because of students health.
