Dear Mrs Galway,

~~I have attended an English language course~~ I was asked to write a report on the language course that I have attended recently. I hope you would find it helpful.

In general I enjoyed the course ~~and~~ and found it beneficial for my language skills, yet I want to draw your attention to some of the aspects of my experience.

Teaching

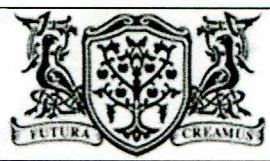

The teaching quality was on the highest level. Teachers were apprehensive to all needs of the students. And in my opinion classes were both interesting and useful in terms of language learning.

Technological equipment

Not only I but most of other students appreciated the technological equipment we were provided, such as computers and electronic boards. I found them beneficial in the lessons as they extended the range of activities we could have.

Study materials

To my mind the selection of textbooks we were provided was satisfying. Although only 3 books were used being out the class I feel that it was enough for students to practice their writing, reading and grammar skills.

Food & dining facilities

Even though I was satisfied with the choice of food provided, some other students mentioned to me that there was not enough choice of vegetarian dishes. In addition to that sometimes there were not enough tables in the dining area and ~~some~~ I had to eat my lunch outside.

Timetable

Despite being in general satisfied with my timetable I have some remarks. I would suggest to start first period an hour later for the reason that a lot of students complained they did not get enough sleep. Also the break between 3rd and 4th periods was not long enough to get to another building, as the result 4th period always started late.

In conclusion I was happy to attend the course despite some minor inconveniences.

Kind regards
Maria Kuznetsova
