A short report about the English language course I have accomplished.

Dear Mrs Galway,

It was a pleasure to study with you. I appreciate the opportunity to give my review on following subjects.

The quality of teaching

All teachers that I had met were friendly and openminded

I had not seen an underqualified teacher

The use of modern technology

Most classes were provided with latest technological equipment such as personal computers, interactive boards, printers and scanners. We ~~had been~~ ^{were} using a lot during the classes.

The variability of text books.

At the start of our course we were given some text books and a few links to educational sites. We were studying them during all our course and I could not say it was boring.

Dining facilities

In ~~the~~ ^a campus we had a huge canteen with big variety of different dishes. Unfortunately, I could not give my opinion on their taste due to my allergy.

The timetable

We had a possibility to make up our timetable. So, it was the fittest timetable I have ever had. Lots of freetime to do homework and to take up a new hobby were provided.

I would like to make a tiny suggestion about the quantity of students who are studying in the same class all together. In my opinion, it would be better if you shorten a class to 10-15 students. Sometimes, it was difficult to concentrate on studies.

Thank you for your attention.
