Report about my English Course

In June I went ~~to~~ to England for a three-week language course at The Principal college. There were about forty students on the course from more than seven different countries.

The quality of teaching

The quality of teaching was high. I had never seen such an elaborate plan of studying. All the lessons were organised properly, so the students did not feel bored. The teachers were really professional and kind.

Technological Equipment

The technological equipment was quite modern. I enjoyed working on up-to-date and using smartboard and projectors at the classroom.

Textbooks

I appreciated the variety of textbooks we had. In my opinion, varied learning resources are an important component of successful studying. I recall my time spent in the College library. That was such a pleasure.

Dining facilities

We were provided with good dining facilities. It was nice to have a microwave oven, convenient system of dishwashing and tasty healthy dishes.

Timetable

We had convenient timetable. Our classes started at 10, so we did not have to get up early in the morning. Moreover, we had enough time to go on

excursions.

In a whole, everything was great, but I would rather add more trips to London, the heart of ~~London~~ England, and a dessert menu, especially for those who had a sweet tooth.

In conclusion I should say, that I had a wonderful time at your College and I am looking forward to coming back next summer!
