Introduction

As requested, I would like to write a short report in order for you to plan future courses. My findings on given tasks are presented below.

The quality of teaching & the variability of textbooks
Being a very picky person, I am absolutely satisfied with the quality of teaching that I have faced with. Also, there was a requested amount of textbooks perfectly provided.

The use of modern technological equipment

Every lesson was followed with the use of different modern technological equipment: computers, e-books, tablets, laptops, etc. The variety of gadgets available was really huge, to be specific.

Dining facilities & timetable convenience

Personally, I was completely satisfied and happy with the dining facilities that followed the educational process. But, talking about the timetable, it was, unfortunately, inconvenient. I would advise you to provide wider range of time available to take the course, especially in the evening hours.

Other suggestions

To follow students' personal preferences, I would suggest providing a choice whether to study in groups of pairs. Also, a coffee machine would be amazing!

Conclusion

To sum up, I would say that the course left me completely satisfied with it and I will definitely recommend it to my friends and family.
