## Feedback on the Course

### Introduction

The purpose of this report is to give feedback on the course I attended last month.

### Teaching

The course was based on an active teaching approach and all students appreciated the action-packed classes. The qualified and friendly teachers offered a variety of activities. Everybody was satisfied with the improvements they made. Therefore I can conclude that teaching was of a high quality.

### Schedule

The group timetable was conveniently organised. Throughout the day the students had practice <sup>on</sup> at different aspects of English. In addition, they had time to socialise, entertain themselves and relax.

### Equipment

The classes <sup>had</sup> were modern technological devices: laptops with all kinds of modern software, interactive whiteboards, language labs.

### Textbooks

Our group was provided with a wide range of the coursebooks and additional literature. The teaching staff thoroughly chose the books we used at lessons to meet the level and demand of all students.

### Dining facilities

In the canteen we were offered a variety of meal plans designed to meet the varied needs of all learners.

### Improvements

Although everything is at a high level, some innovations could be introduced to make the course better. To my mind, different interactive language games will appeal to all students. Another

good idea is an "English theatre". This will be not only a good chance to practise the language but an opportunity to introduce the English literature to students.

Conclusion

To sum up, while all students are satisfied with the course I feel that the improvements will make the course even better. I will recommend this course to everyone who wants to improve their fluency and confidence of English.
