English language courses

Introduction

I am grateful that I had a chance to study English with your help. These courses showed me why English is worth learning. I would like to share my opinion about this educational programme.

Teaching quality

I had several teachers and all of them gave me the best impression. The information was given in interesting way, it was not primitive. All teachers are professionals. They know how involve in work every pupil.

Technological equipment

There were a lot of new and good-working computers in each classroom. What is more, in some auditories there were ~~for~~ boards for showing presentations and videos. However teachers almost did not use it.

Variety of books

Your courses offer a big amount of books, which are very helpful. Moreover, they are unique. I did not find these textbooks in bookshops. Everyone can choose the he likes to work with.

Timetable

I believe that timetable should be more organised. Sometimes lessons were too late or too early. It reflects on my ability to work hard. But days of the lessons were convenient for all my group.

Recommendations

To my mind, teachers should pay more attention

to modern ways of teaching. It seemed that they just did not know how to use technological facilities. In my opinion, my group was too big. Groups should ~~be~~ consist of 10-15 people, then teacher can work individually with each student.

~~My~~ Conclusion.

I would like to thank you for your work. These courses improved my English and helped to understand British culture. Some disadvantages do not make my opinion about your courses worse.
