English language course

To: Mrs Galway

From: Ms Black

Introduction.

I have completed an English language course and I was asked to write a report giving my impressions and my opinion about the course.

Teachers.

The quality of teaching ~~was~~^{is} very high. All teachers are qualified professionals. They use new methods in education process and make studying more interesting and enjoyable. The teachers are also very friendly, kind and understanding. It was ~~very~~ pleasant to study with them.

The use of modern devices in education.

During our course we had an opportunity to work with computers. We used them to do different projects and communicate online with native speakers.

The textbooks.

A wide range of different textbooks is available in the school library. So students can always find necessary information for various tasks.

Eating facilities

The school provide good dining facilities. The canteen is large and spacious and students have a rich choice of food. So students can rest there and enjoy eating and communicating with each other.

The schedule

see. на обороте

The schedule is convenient for students. They do not have to get up early as lessons usually begin at 10 o'clock. ~~Moreover, there are some breaks between the lessons.~~ More than that, different activities are included in the timetable so it makes the studying not very tiring. A range of entertainment is also provided after lessons and students are not overloaded with homework.

Conclusion

From my point of view, this English course is beneficial to students. It offers a good chance to improve language skills, start speaking English more fluently. ~~Students can also find many new friends while learning English there.~~ That is why I would recommend this course for other students.

Possible improvements

I would suggest to include in the course more teamwork. It can make lessons more exciting and creative.
