## Report on educational English language course.

### • Introduction

As requested I have researched how the English language course influenced my language skills. I have recently attended the course and the results are presented below together with my recommendations.

### • The quality of teaching

The teaching personnel were professional and responsive to everyone. Furthermore, the tutors have a high level of teaching skill.

### • The use of modern technological equipment

I was impressed by ~~using~~ <sup>the use of</sup> technologies in the course which made studying more interesting and challenging for the students.

### • The variability of textbooks

Another thing I liked was the textbooks offered to us. I appreciated their variety because it made the course more efficient. The books contained selected material by outstanding professors.

### • Dining facilities

I ate in the canteen every day and I can say that the quality of the food was acceptable. However, the dishes were not varied which was inconvenient for people with allergies.

### • The convenience of the timetable

All in all the timetable was thoughtfully made and we managed to attend maximum English classes.

Nevertheless, the timetable was sometimes too busy to have enough time for a rest.

### • Conclusion

Taking everything into account I would therefore recommend to pay more attention to the organizational aspect of the course. I suggest making ~~a~~ long breaks so that the students could have ~~more~~ time for relaxation. Moreover, it would be a good idea to vary the menu.
