However, even swots are at times daring enough to try out things that seem Never ever had it occurred to Peter that he may play truant or use a cheat sheet in class. However, even swots are at times daring enough to try out things that seem totally alien to them.

And so Peter carefully crafted the first cheat sheet in his life. He felt terrible nervous and guilty of some unpardonable crime. "Well", he thought to himself, "what am I scared of? A detention?" That may also be a terrific new experience for me. So what come may,

The Judgment Day came with the face of half term History test. Peter started all right, feeling excited and exhilarating about

all the tasks he had to complete. The test turned out to be a breeze, until he reached the final question. That was a date, a simple one, but Peter's mind just went blank. No matter how hard he tried to remember it, it was no good. Frustrated, Peter handed his paper and rushed out of the classroom feeling furious at himself. Half an hour later strolling leisurely in the school park, it suddenly dawned on him that the cheat sheet was still sitting safely in his pocket. "Dunce!" he cried out striking himself on the forehead. "I could use it! And get the top ~~the~~ score! Once a swot, always a swot!"
