According to the ISO standard on ISSN, the ISSN number must be printed prominently on each issue of the publication, preceded by the letters ISSN, preferably in the upper right hand corner of the cover.

[These ISSN are valid as long as the above titles remain unchanged. Please let us know any changes so that we may decide if a new ISSN assignment is needed \(and send the appropriate photocopies\)](#)

Other changes such as the publisher's name, place of publication (town / country of publication), frequency ... do not affect the ISSN, but we wish to be kept informed (with the appropriate photocopies) so that we may update the bibliographic data in our records.

! Important

Distinct ISSN have to be assigned to the different versions of your serial publication (such as print, online, CD-Rom, etc...).

The ISSN assignment is free of charge.

For any further queries please do not hesitate to contact issnic@issn.org or to visit our website <http://www.issn.org>

Many thanks in advance for your kind cooperation. Yours sincerely,
